## EOSOC Observation Reporting Worksheet

- 1) This spreadsheet is optional, and is provided for your convenience.
- 2) For each observation, enter target name/id, date of observation and date of elset in Table 1.
- 3) Transfer each target name/id and observation number in the appropriate cell in Table 2.
- 4) Fill in the gray cells only
- 5) Resolve any error messages that appear (yellow)

|                                |
