

# ASTRONOMICAL LEAGUE SOUTHERN ARP PROGRAM

January 30, 2012

Mike Hotka  
1425 Snowberry Lane  
Broomfield, CO 80020

Dear Mike,

Congratulations on observing at 100 of the Southern Arp Galaxies and earning certificate #4-V of this challenging program! I see that this endeavor has made you aware of the uniqueness of these objects. I was very impressed with your descriptions

The image on the certificate was taken by fellow Delaware Valley Amateur Astronomers member Frank Colosimo (<http://www.star-watcher.org/index.html>) and is the basis for the Arp pin design.

I hope to hear more about your observing achievements in the future.

Sincerely,

Al Lamperti  
Southern Arp Program Coordinator
